PROFESSIONAL SUMMARY

Full-Stack Developer with **3+ years of experience** building responsive and scalable web applications using **React.js, Next.js, Node.js, and Express.js**. Skilled in REST API integration, reusable component architectures, authentication, admin dashboards, and performance optimisation. Experienced in developing user-friendly applications following modern web practices.

TECHNICAL SKILLS

Frontend & Core:	React.js, Next.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, Redux Toolkit
Backend & APIs:	Node.js, Express.js, REST APIs, Firebase Authentication, Google Maps API
Tools & Practices:	Git, GitHub, Figma, Performance Optimisation, Cross-Browser Compatibility, Manual Testing

WORK EXPERIENCE

Spods Technologies • Full Stack Developer
May 2025 – Present

- Develop scalable, responsive web applications using **React.js** and **Next.js**.
- Integrated **REST APIs** and dynamic frontend features, improving data interaction and user engagement.
- Optimised frontend performance, ensuring high responsiveness across mobile and desktop devices.
- Engineered reusable UI components for scalable, maintainable architecture.
- Built user-facing portals and admin dashboards, enhancing operational management efficiency.
- Collaborated with designers and backend developers for seamless agile project delivery.

Aiprus Software Pvt Ltd • Full Stack Software Developer
June 2023 – January 2025

- Developed and maintained production web applications using **React.js**.
- Integrated third-party APIs to enhance core frontend functionality and user experience.
- Implemented pixel-perfect, accessible UI directly from **Figma** designs.
- Built reusable components and responsive layouts to streamline ongoing development.
- Conducted rigorous testing and debugging to ensure application quality and high reliability.

Slog Solutions Pvt Ltd • Full Stack Software Developer
March 2022 – May 2023

- Created responsive user interfaces with **HTML5, CSS3, JavaScript**, and **React.js**.
- Optimised frontend performance and verified cross-browser compatibility across all modern browsers.
- Designed adaptive layouts for mobile and desktop platforms to improve accessibility.
- Maintained high code quality through active debugging and testing practices.

KEY PROJECTS

Pick A Pro – On-Demand Marketplace Ecosystem

`React.js · Next.js · React Native · Redux Toolkit · Firebase Auth & FCM · Google Maps API`

- Developed comprehensive marketplace across web portal, cross-platform mobile apps, partner app, and admin dashboard.
- Integrated **Google Maps Geolocation & Places API** for automated proximity dispatch, live provider tracking, and dynamic pricing.
- Implemented role-based authentication via **Firebase Auth** and push notification queues using **Firebase Cloud Messaging (FCM)**.

PropertyWorks – Real Estate Intelligence & Advisory Platform

`React.js · Next.js · TypeScript · Tailwind CSS · Node.js · REST APIs · SEO`

- Built end-to-end advisory platform and dedicated Admin Panel for property listings, lead management, and dynamic blog engine.
- Engineered backend **REST APIs**, database schemas, OTP-based secure admin actions, and automated lead capture pipelines.

Memory Caravan – QR-Based Digital Media & Keepsake Platform

`Next.js · React · TypeScript · Supabase · Cloudflare R2 · Video Streaming · QR Routing`

- Designed private video storage and streaming pipeline with **Cloudflare R2**, short-lived tokens, and HTTP Range streaming.
- Engineered QR-based dynamic routing, Supabase database integrations, and fluid mobile-first user interfaces.

Grasberg International – Forex Platform & Role-Based CRM

`Next.js · Tailwind CSS · REST APIs · MetaTrader 5 (MT5) · Role-Based CRM`

- Built frontend for a forex platform combining an informational website with a role-based CRM using **Next.js**.
- Delivered portal modules for User, Partner, Super Admin, and Sub Admin roles with **MetaTrader 5 (MT5)** backend API integration.

SPODS Technologies – Corporate Brand & Services Platform

`React.js · Next.js · Tailwind CSS · TypeScript · REST APIs`

- Architected responsive corporate web platform optimized for fast loading, accessibility, and high SEO rankings.
- Integrated REST APIs and dynamic service grids for enterprise client inquiries and operational workflows.

EDUCATION

Maharshi Dayanand University • **Graduation** — Rohtak, Haryana 01/2018
